

# ParaEducators Training

This training is designed for paraeducators working with behaviors primarily seen with ED/ASD eligible students; however, all special education paraeducators are welcome to attend. Topics will be presented during the 09-10 school year over four half-day sessions. At the the first session, a needs assessment will be conducted to determine subsequent sessions. Observation, coaching, and/or follow up with para educator and class teacher will occur within two – four weeks after each session.

- Positive Communication
- Paraeducator role and responsibility
- Ethical & legal obligations
- Teaching independence
