

# Solano County Special Education School Accountability Report Card Reported Using Data from the 2018-19 School Year Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Facility Conditions and Planned Improvements (Most Recent Year)

The Solano County Office of Education (SCOE) provides instructional services in a wide variety of school settings. The SCOE maintains two centers primarily for preschool students and transition classes that include typically developing peers. Classrooms are also maintained at over 30 school sites throughout Solano County to meet the needs of students who benefit from being on an integrated site. The facilities on school sites are maintained by both the district and SCOE. The facilities are maintained in a safe condition and there are procedures in place to quickly address health and safety issues once they have been identified.

All Interim Evaluation Instruments for Special Education facilities are on file in the Facilities Department. Please contact the Director of Facilities/Maintenance and transportation at (707) 399-4860.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	4	--	4	6	50	50
Mathematics (grades 3-8 and 11)	0	--	0	0	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### CAASPP Test Results in Mathematics by Student Group Grades Three through Eight and Grade Eleven (School Year 2018-19)

The achievement level percentages are calculated using only students who received scores.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

The Special Education Department recognizes the responsibility of the school to involve the parent(s) in all aspects of the special education process as legally required. The procedures for timely notification, parental input and support are set in the legally mandated process from the beginning referral to the implementation of the Individual Education Plan (IEP). In addition to meeting our legal obligations, the needs of families and students are at the center of our efforts.

- Provide them with a useful understanding of the system

Strategies to involve families include:

- Parent/teacher conferences
- Parent interview prior to IEP meetings
- Individual Education Plan meetings
- Back-to-school nights
- Transition planning nights sponsored by our Transition Services Department
- Transition planning between programs and age levels
- Parent tours of potential school sites
- Reporting of benchmark achievement
- Translation services

Number of school days dedicated to Staff Development and Continuous Improvement	2	2	2

For the last three years, teachers and paraeducators have received a full day of required in-service each year. Teachers have previously utilized up to two staff development buy-back days for approved staff development activities. In addition, staff can apply for training specific to their needs and these activities. If approved, this is supported by the special education budget. Teachers also attend a monthly in-service that addresses evidence-based practices and their implementation. Interns and new teachers are supported through a coaching model. Professional Learning Communities are established and program teams participate in them on a monthly basis. Coaching and ongoing support are provided to individuals and teams within the county programs. An additional professional learning day was added to the contract during the 2018-19 school year for all staff members.
