RESOLUTION NO. B09-10-22
TEEN PREGNANCY PREVENTION MONTH

WHEREAS, teen pregnancy is a serious problem that significantly impacts the health and well-being of teenagers and their families as well as the community at large and is closely linked to a number of critical social issues such as poverty, educational attainment, involvement in the criminal justice and child welfare systems, and more, costing U.S. taxpayers \$9.1 billion each year primarily due to the negative social and health outcomes for the children of teen parents; and

WHEREAS, approximately 700,000 teenagers in the United States become pregnant each year (about 3 of every 10), which is the highest teen pregnancy rate among comparable countries and disproportionately affects Native-American, Latina, and African-American teen girls; and

WHEREAS, less than half of the mothers who have a child before they turn 18 ever graduate from high school, and less than 2% achieve a college degree by age 30; and

WHEREAS, the children of teen mothers are more likely to be born at a low birth weight, grow up in poverty, experience abuse and neglect, and enter the child welfare system than the children of those who delay motherhood; and

WHEREAS, efforts to promote medically accurate, responsible sex education, including encouraging open communication between teens and adults, have been shown to be effective in reducing the teen birth rate; and

WHEREAS, the Solano County Department of Health and Social Services maintains collaborative partnerships with other agencies to offer resources and workshops to assist parents with talking to their teens and pre-teens about sex education and provides comprehensive case management services for pregnant and parenting teens.

NOW, THEREFORE, BE IT RESOLVED that the Solano County Board of Education hereby recognizes May as Teen Pregnancy Prevention Month; appreciates the contributions of individuals, organizations, and programs that help guide our youth toward getting an education and making wise decisions in their lives; and urges adults and teens to initiate and develop receptive communication.

WHEREAS, California's public schools employ approximately 301,154 classified staff in full- and part-time positions with Solano County's public schools employing approximately 2,875 classified staff who provide efficient, effective support and ancillary services which are essential ingredients to facilitate excellent teaching, sound administration, and high achievement by students; and
