

Program Overview

Golden Hills Community School students receive a rigorous education, which enables them the opportunity to earn course credits toward meeting their district's graduation requirements. Students who are deficient in academic course requirements also have the ability to recover credits through SCOE's Distance Learning Program. We provide instruction in all four core subject areas, English Language Arts, Mathematics, Social Science and Science, in addition to English Language Development (ELD) to prepare them for their return to a comprehensive high school.

One of our goals is to create a safe and secure learning environment in which students can thrive socially and emotionally and be academically successful. Students attending Golden Hills Community School are provided wrap-around services to ensure they are building resiliency and other life skills to prepare them to meet life's challenges. Developing social and emotional competence is as important as academic success for our students.

Mission Statement

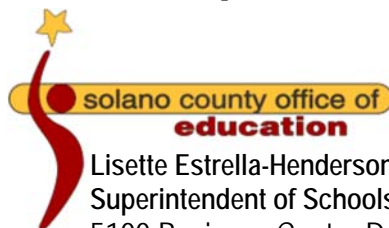

The Golden Hills Community School provides every student an equal opportunity to an enriched education where they are challenged to meet and exceed their individual potential in a safe and structured environment.

Partnerships

Fairfield-Suisun Unified School District (FSUSD)

Placement at the Golden Hills Community School is a collaborative decision with the FSUSD Student Services Department.

Solano County Probation Department

Direct referrals to Golden Hills Community School are made through the FSUSD. An on-site Probation Officer is assigned a caseload for the purpose of ongoing monitoring of student progress toward completing probation requirements.

Support Services

Career Development with Career Technical Education Partnership

Career classes, designed to prepare students to enter the workforce, include training in résumé writing, interviewing techniques, and workplace etiquette.

Foster and Homeless Youth Services

Students receive individual case management. Level one case management consists of academic support plans, vocation preparation, and connection to supplemental resources. Students assessed to fall within the Response to Intervention and Instruction tier will receive level two case management to address social and emotional wellbeing.

Students are provided support of basic school necessities.

Student Support Specialist

Students work with the Student Support Specialist to develop a transition plan that supports the completion of their district-issued rehabilitation plan. The transition plan includes goals for academic achievement as well as social, emotional, and behavior intervention.

In addition, the Student Support Specialist also provides student attendance monitoring and home visits.

School Setting

- Small class size, 24:1 ratio
- Paraprofessionals in each classroom
- Safe and secure campus

Community Services Opportunities

Referrals include a requirement for community service to increase students' resiliency and empathy.

Through DoSomething.org, we have established the Golden Hills Community School Club. Students participate in community projects such as Operation Gratitude, Golden Hills Family Feast Drive, and assisting local families in need.

Technology

- Computer stations in every classroom
- Interactive technology in every classroom including SMARTboards and SMART clickers
- Google Chromebooks assigned to each student
- Computer labs
